

TERMS AND CONDITIONS

These Advanced Digital Systems, LLC and ARCE Brands (ADS) Terms of Service apply to the use of products or services provided by Advance Digital Systems, LLC to the person or entity identified in a valid and binding Sales Quotation or Sales Order (the "Subscriber") and are an integral part of the agreement between Advanced Digital Systems and Subscriber. The Subscriber and ADS are sometimes collectively referred to herein as the "Parties," or individually as a "Party". By ordering, purchasing or using the Services, Subscriber agrees to be bound by these Terms, which among other things, require mandatory arbitration of disputes instead of a jury trial and limit ADS liability.

ACCOUNT OWNERSHIP

The Account owner shall be the legal entity (e.g., corporation, partnership, individual) that signs up for the Services with ADS. If no legal entity is provided upon sign-up, the Account owner shall be the owner of the credit card used to open the Account. Subsequent changes to ownership must be supported by appropriate legal documentation. ADS shall not adjudicate ownership-related disputes, or any other internal business dispute. If ADS is unable to determine the valid owner of the Account, ADS reserves the right to suspend or terminate the Account and Services.

The Subscriber agree not to sell, assign, rent, lease, distribute, export, import, act as an intermediary or provider, or otherwise grant rights to third parties with regard to the Applications or Services or any part thereof without ADS's prior written consent. If The Subscriber are interested in reselling products or services offered by ADS The Subscriber are encouraged to join ADS's affiliate network.

No Modifications. The Subscriber agree not to undertake, cause, permit, or authorize the modification, creation of derivative works, translation, reverse engineering, decompiling, disassembling, or hacking of the Applications or Services, or any parts thereof. The Subscriber agree not to intercept, capture, emulate, decrypt, or redirect the communications protocols used by ADS for any purpose, including without limitation causing the Applications to connect to any computer server or other device not authorized by ADS or in a manner not authorized by ADS.

New Versions of the Software. ADS, in its sole discretion, reserves the right to add, remove, or modify features or functions, or to provide fixes, updates and upgrades, to the Applications and Services. The Subscriber acknowledge and agree that ADS has no obligation to make available to The Subscriber any subsequent versions of the Applications or Services. The Subscriber also agree that The Subscriber may have to enter into a renewed version of this Agreement if the Subscriber want to download, install, or use a new version of the Software. In addition, The Subscriber and ADS acknowledge that no Third-Party has any obligation whatsoever to furnish maintenance or support services with respect to the Applications or Services and that ADS is solely responsible for the provision of maintenance and support as provided in this Agreement and to the extent such maintenance and support is required under applicable law.

ADS grants The Subscriber a limited, personal, revocable, non-exclusive, non-sub licensable, non-assignable, non-transferable, non-resalable license and right to use the ADS Services and Applications in strict accordance with this Agreement. All rights not expressly granted under this Agreement are retained by ADS.

No Grant of Intellectual Property Rights. The Subscriber acknowledge and agree that any and all patents, copyrights, trademarks, service marks, trade secrets, and all other intellectual property rights (collectively, "IP Rights") in the Applications and Services are and shall remain the sole and exclusive property of ADS and its licensors. Nothing in this Agreement intends to or shall grant, transfer, or assign any IP Rights to, or vest any IP Rights in, The Subscriber. The Subscriber are only entitled to the limited use of the rights expressly granted to The Subscriber in this Agreement. The Subscriber will not take any action to jeopardize, limit, or interfere with the IP Rights. The Subscriber acknowledge and agree that any unauthorized use of the IP Rights is a violation of this Agreement, as well as a violation of applicable intellectual property laws. The Subscriber acknowledge and understand that all title and rights in and to any third party content that may be accessed through the Applications or Services is the property of the respective content owners and may be protected by applicable copyright or other intellectual property laws and treaties.

PREVENTIVE MAINTENANCE PROGRAM

Immediately after commencing this Service Agreement, ADS will schedule the install of our Remote Monitoring Agent (RMM). The RMM will collect information to document Subscribers IT assets for maintenance use, identify critical problems which may need priority correction, and learn how the Subscriber has systems and equipment configured.

Monitoring and installing software, firmware updates, upgrades and patches are released by equipment manufacturers as applicable. Each computer or other piece of equipment will be checked for status, performance and needed updates. For these situations, PM (after hours) is when ADS is most likely going to be maintaining each piece of equipment. ADS upgrades internal systems and allows partner vendors specific windows for updates in order to keep external systems up to date. We reserve the right for weekend outages with limited notice to Subscriber and no notice if outage dose not impact Subscriber. Emergency release are out of ADS control but will be limited between 11pm and 7:59am EST with notices only impacting Subscribers being affected.

With the detailed system logs, usage analysis and insight into SUBSCRIBER's planned growth, expansion and business requirements, ADS can make new equipment recommendations and/or future upgrade suggestions as needed. ADS uses all information gathered to provide a complete solution. ADS does not resell, share or interchange private information. Confidentiality of Subscriber accounts are strictly adhered.

SUPPORT AND FEEDBACK

ADS provides customer and technical support to The Subscriber via telephone and e-mail for the Services. ADS will use reasonable efforts to troubleshoot and resolve issues reported by The Subscriber but does not make any representations or guarantees that ADS will be able to fully resolve any such issues. Except as provided in this section, ADS has no obligation to provide additional customer support, technical support, or to provide solutions (e.g., bug fixes to software) to any issues that may arise in The Subscriber particular use of the Services outside of it control.

If the subscriber is not satisfied with the work performed by one of ADS technicians, subscriber must notify ADS in writing within 24 hours of the work being completed. If ADS does not receive a report in writing within the specified 24 hour time frame after the work is performed, ADS will take it that the services performed are acceptable and billable.

From time to time, ADS may send The Subscriber surveys, comment cards, customer satisfaction forms, or other requests to provide feedback. The Subscriber hereby grant ADS, its licensors, and suppliers a perpetual, unlimited, worldwide fully-paid up, royalty free license to use all feedback, answers, ideas, comments, or other information The Subscriber provide to ADS.

COMMUNICATION SERVICES

TELEPHONE NUMBERS

ADS will use reasonable efforts to facilitate number and domain transfers or port requests for The Subscriber, provided that The Subscriber comply with the necessary and specific procedures for porting between service providers.

The Subscriber acknowledges and understands that number porting depends on the cooperation of third parties outside of ADS's control. Accordingly, The Subscriber agree that ADS will not be liable for the failure or delay of any third party to cooperate in the porting of any telephone number, or for the allegedly unauthorized porting of any telephone number by a third party.

ADS works with third party carrier(s) who, on ADS's behalf, port telephone numbers in accordance with applicable Regulatory Rules and Industry Guidelines. ADS's third-party carrier(s) require very specific and detailed information and requirements when completing a port request. Please be informed that The Subscriber will be required to provide such detailed and specific information to complete a port request. For porting numbers into The Subscriber ADS Account, follow the procedures on The Subscriber Account settings page for transferring a number to The Subscriber ADS Account. For porting numbers out of The Subscriber ADS Account, follow the procedures of The Subscriber new service provider. The Subscriber understand that porting The Subscriber number out of The Subscriber Account does not automatically terminate The Subscriber ADS Account.

ADS cannot guarantee requested telephone numbers will be available, that The Subscriber existing provider will port The Subscriber number, or that circumstances beyond ADS's control will not prevent or delay a successful port of The Subscriber number for the Services. The Subscriber should not order any printed material, such as business cards or stationery, showing a telephone number, or issue any press releases or otherwise publicize any telephone number until that telephone number becomes active on The Subscriber Account. ADS shall not be liable for reimbursement for press releases, business cards, and/or stationery under any conditions.

The Subscriber understand and agree that ADS may from time to time need to change the telephone or facsimile number assigned to The Subscriber (due to an area code split or for any other reason). ADS shall not be liable for any damages (including consequential, special damages or other damages) to The Subscriber in the event that it needs to assign The Subscriber a new telephone or facsimile number.

METERED CALLING PLANS:

ADS offer several monthly metered plans for some of its products and Services. Each metered calling plan provides The Subscriber with a toll-free or local telephone number and a fixed number of Plan Credits each month for a monthly fee, excluding taxes, surcharges, and fees. When The Subscriber exhaust The Subscriber initial paid allotment of Plan Credits for The Subscriber metered plan, unless The Subscriber advise us otherwise in writing, we will automatically purchase the minimum package for additional minutes for The Subscriber plan on The Subscriber behalf (and The Subscriber Account will be charged accordingly). Additional minute usage will be debited at the applicable per minute rate(s) for The Subscriber metered plan. However, in some limited instances, calls placed under a metered plan may not be counted against The Subscriber monthly allotment (e.g., calls made via a local phone number to leave or check voicemail or configure a system and calls answered on the ADS softphone). Please check the details of The Subscriber metered plan to determine which calls (if any) are not counted against The Subscriber monthly minute allotment. For international calling, international rates will apply.

UNLIMITED PLAN

ADS may offer an unlimited monthly plan for some of its products and Services. An unlimited plan provides The Subscriber with a local or toll-free telephone number and is subject to the terms and restrictions of the Use Policy set forth above and other restrictions described in this Agreement. If, for any reason, ADS believes that The Subscriber are using the unlimited plan for a prohibited purpose and/or The Subscriber call usage violates the Use Policy, then ADS may, in its sole discretion with or without notice, either terminate The Subscriber unlimited plan or immediately convert The Subscriber unlimited plan to a metered plan, as set forth above.

INTERNATIONAL CALLING:

Current phone service plans include calling to the United States only. International calling will be billed separately on a quarterly basis. Because Plan Credits are quoted for domestic minute usage, The Subscriber may be charged additional Plan Credits and/or additional rates may apply if The Subscriber use The Subscriber Plan Credits for international calling. ADS's current international rates are available here. To make international calls using the Services, The Subscriber must purchase the minimum package of international calling credits. If The Subscriber dial an international number and do not have any credits to make such call, The Subscriber will automatically purchase the minimum package in order to complete such call. In addition, The Subscriber may be charged any applicable Taxes and Fees associated with international calls. The Subscriber are advised to refer to The Subscriber specific plan details regarding all domestic and international charges and all other terms and conditions of The Subscriber plan.

VALUE, OWNERSHIP AND EXPIRATION OF PLAN CREDITS:

Plan Credits, Additional Credits, Promotional Credits, and international calling credits have no monetary value and cannot be exchanged for the cash value at any time after such credits are purchased by The Subscriber. Plan Credits may only be redeemed and used by the holder or users of the Account to which the Plan Credits have been credited, and may not be sold, transferred, assigned, or used by another user or with another user's account. Any unused Monthly Credits expire at the end of the relevant Service month and do not "roll over" to the next month. Additional Credits and Promotional Credits expire according to the terms of their purchase.

LOCAL NUMBER PORTABILITY

a) Number Transfer on Service Activation. In the event Subscriber is not utilizing a new phone number or numbers for the Services, but rather is transferring existing phone number(s) which currently is subscribed to a carrier other than ADS to ADS, the terms and conditions of this section shall apply:

- i. Subscriber hereby authorizes ADS to notify Subscriber's current local telephone company or other service provider of its decision to switch local, local toll and long distance services to ADS and represents that Subscriber is authorized to take this action;
- ii. Subscriber agrees and acknowledges (i) that the porting of Subscriber's numbers requires Subscriber's provision of specific, detailed and accurate

information to ADS and other service providers, as applicable, and the completion of certain steps and procedures, as well as third parties' completion of certain tasks, and (ii) that numbers may not be ported in or ported out unless such information matches the information on record with ADS or other service providers. The completion of a port request is dependent upon these and other factors which may be outside the control of ADS or other service providers, and accordingly, ADS is not responsible for delayed or incomplete ports. FAILURE TO PROVIDE ANY INFORMATION REQUESTED BY ADS OR THE THIRD PARTY SERVICE PROVIDER WILL DELAY THE PORTING OF THE NUMBER TO ADS. ADS SHALL NOT BE RESPONSIBLE FOR ANY DELAY IN THE PORT OF SUBSCRIBER'S NUMBER AND WILL NOT PROVIDE CREDIT FOR ANY SUCH DELAYS.

iii. Subscriber agrees and acknowledges that if the Services are set up prior to the date that the number transfer becomes effective ("Port Effective Date"), Subscriber may only be able to make outgoing calls using the Services. In such event, Subscriber should keep another phone connected to the existing phone number to receive incoming calls until the Port Effective Date, after which Subscriber will be able to both make and receive calls using the Service. Subscriber agrees and acknowledges that if the Activation Date has not occurred as of the Port Effective Date, its existing phone service for the number being transferred may be disconnected and Subscriber may have no service for that number. Therefore, to avoid an interruption in Subscriber's phone service, Services must be activated prior to the Port Effective Date. An estimate of the Port Effective Date will be sent to Subscriber via e-mail by ADS.

b) Number Transfer on Service Termination. After the Activation Date, ADS or its providers may receive requests from other telephony providers ("Requesting Party") acting as agents on Subscriber's behalf to port a telephone number currently assigned to Subscriber to a third party provider ("Port-Out"). ADS will support all such requests and will cooperate with the Requesting Party to perform any Port-Out in accordance with the Requesting Party's reasonable directions and ADS' or its vendors' standard operating procedures. Until the effective date of Subscriber's proper termination (in accordance with the terms of this Agreement), Subscriber will: (a) remain an ADS Subscriber; and (b) be responsible for all charges and fees associated with Subscriber's ADS Service. Subscriber will not receive any refund or partial refund or any credits for any charges already billed to Subscriber's account. ADS assumes no liability for costs associated with any numbers that cannot be ported or that Subscriber chooses not to port. Subscriber acknowledges that in the event of any account termination or cancellation, all telephone numbers associated with Subscriber's account may be released. Similarly, the cancellation of individual services that have associated telephone numbers will result in the release of such numbers. Subscriber acknowledges that it is Subscriber's responsibility to work with a third party provider to port out those numbers prior to Subscriber's termination or cancellation of Subscriber's account or termination of Services.

c) Ported Telephone Numbers Upon Cancellation.

i. **Cancellation.** ADS must receive written notice of cancellation 30 days in advance and Subscriber is responsible for all cancellation and porting fees prior to Port being approved and telephone numbers being released by ADS. If Subscriber requests that a new service provider port a number from ADS, then Subscriber is required to inform ADS of Subscriber's intent to terminate the specific affected Services on Subscriber's account or ADS will continue to bill for such Services. Subscriber will continue to be responsible for all the charges and fees associated with the remaining Services on Subscriber's ADS account. Subscriber will not receive any refund or partial refund or any credits for any charges already billed to Subscriber's account. If a phone/fax number is not ported prior to the end of the final paid month of service or an extension of service has not been requested in writing to ADS by the subscriber, the phone/fax number will be owned by ADS and a fee of \$55 will be required to restore the phone/fax number. Any additional monthly service fees for extended service must be paid by the subscriber prior to restoration of phone/fax number service so porting can still take place.

ii. **Consent & Electronic Submission.** In some cases, ADS may permit Subscriber to submit documentation required to port numbers using a web-enabled user interface. Subscriber may withdraw Subscriber's consent to submit Subscriber's porting request electronically by contacting ADS Subscriber Care prior to our submitting the porting request to the carrier. Subscriber's consent to electronic submission applies only to the specific porting request Subscriber submit through web-enabled interface.

iii. **Facsimile Service.** Numbers assigned by ADS for ADS's facsimile service cannot be ported to a new service provider without the assistance and cooperation of ADS' underlying partner. ADS will use commercially reasonable efforts to facilitate a port of a facsimile number which was ported on Subscriber's behalf to ADS by another service provider. Subscriber may be required to pay a porting fee to ADS not to exceed One Hundred Dollars (\$100.00) per facsimile number ported.

RECORDING CONVERSATIONS

Certain ADS Services provide a function that allows The Subscriber to record individual telephone conversations. The laws regarding the notice, notification, and consent requirements for recording conversations vary from province to province and state to state. In some areas, The Subscriber are required to obtain consent from all parties to a record a conversation. The Subscriber are solely responsible for complying with all federal, state, and provincial laws in any relevant jurisdiction when using this feature. ADS expressly disclaims all liability with respect to the Subscriber recording of telephone conversations. The Subscriber hereby agree to fully, finally, and forever release, discharge, hold harmless, and fully indemnify ADS from and against any damages or liabilities of any kind related to The Subscriber recording of any telephone conversations using the Services.

E911 SERVICE

THE SUBSCRIBER UNDERSTAND THAT 911 SERVICE IS PROVIDED BY ADVANCED DIGITAL SYSTEMS ("ADS") AS A PASS THROUGH, THE SUBSCRIBER SHOULD MAKE ALTERNATIVE ARRANGEMENTS TO PLACE 911 CALLS, SUCH AS USING A TRADITIONAL WIRELINE OR CELLULAR TELEPHONE, AND THE SUBSCRIBER SHOULD NOT RELY ON ADS TO CALL 911 UNLESS THE 911 WAIVER IS AGREED AND SIGNED BY THE SUBSCRIBER AUTHORIZED CONTACT.

THE SUBSCRIBER UNDERSTANDS THAT THE ADS MOBILE APPLICATION USES THE SUBSCRIBER DEVICE'S DIALER AND CELLULAR TELEPHONE SERVICE TO MAKE 911 CALLS. IF THE SUBSCRIBER DEVICE DOES NOT HAVE CELLULAR TELEPHONE SERVICE, THE SUBSCRIBER WILL NOT BE ABLE TO CALL 911 FROM THE ADS MOBILE APPLICATION.

ADS SOFTWARE APPLICATIONS AND SERVICES ARE INTENDED FOR GENERAL BUSINESS USE ONLY. THEY ARE NOT DESIGNED, MANUFACTURED, INTENDED, OR RECOMMENDED FOR USE OR RESALE AS EQUIPMENT OR SERVICES IN ENVIRONMENTS REQUIRING FAIL-SAFE PERFORMANCE (E.G., EMERGENCY MEDICAL CARE,

HAZARDOUS ACTIVITIES) OR IN WHICH THE FAILURE OF THE SERVICES COULD LEAD TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE. ADS SPECIFICALLY DISCLAIMS ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR HIGH RISK ACTIVITIES OR SERVICES.

THE SUBSCRIBER UNDERSTAND THAT 911 SERVICE IS ONLY PROVIDED BY ADS IP DESK PHONES AND THE ADS CALL CONTROLLER OR SOFTPHONE ON PCS, AND THE OTHER ADS SOFTWARE APPLICATIONS AND SERVICES DO NOT PROVIDE 911 SERVICE.

ADS VoIP 911 Service ("E911 Service") operates differently than traditional 911 service. We are required by the FCC to advise the Subscriber of the circumstances under which 911 may not be available or may be in some way limited by comparison to traditional 911 service. Such circumstances include:

- Internet Connection Failure. If the connection to the wired broadband Internet over which The Subscriber ADS VoIP Service is provided is interrupted, The Subscriber would not have access to ADS VoIP Service during that interruption and therefore will not have access to E911 service during that interruption.
- Number Flexibility & Service Portability. Traditional 911 service automatically sends The Subscriber 911 call to the appropriate local emergency responder, or Public Safety Answering Point ("PSAP"), based on The Subscriber telephone number. Traditional Enhanced 911 service (also known as E911) automatically sends The Subscriber 911 call to the appropriate PSAP along with The Subscriber registered address and telephone number. Because the ADS VoIP Service permits The Subscriber to obtain a telephone number that does not correspond to The Subscriber geographic location (for example, The Subscriber may obtain a ADS VoIP telephone number with a California area code even if The Subscriber do not have a California address) and allows The Subscriber to use ADS VoIP Service anywhere The Subscriber have wired broadband Internet, the E911 Service functions differently than traditional 911 service in certain respects:
- Because The Subscriber address does not necessarily correspond with The Subscriber telephone number, The Subscriber must provide ADS with the street address(es) where The Subscriber will be using ADS VoIP Service ("Registered Location(s)") when The Subscriber sign up for service.
- If The Subscriber relocate any equipment (PC with softphone, IP phone, or ATA with traditional phone) that The Subscriber use to access the VoIP Service, The Subscriber must update The Subscriber Registered Location(s). If The Subscriber do not update the Subscriber Registered Location(s), any 911 calls The Subscriber make using the VoIP Service will be routed based on The Subscriber previously provided Registered Location and therefore may not be routed to the appropriate PSAP for The Subscriber new location.
- In addition, because the VoIP Service will, where possible, automatically transmit The Subscriber Registered Location to the PSAP, The Subscriber must update The Subscriber Registered Location to ensure that the VoIP Service transmits accurate location information to the PSAP.
- Once The Subscriber notify us of a change in The Subscriber Registered Location, there may be a delay in making the new Registered Location available to properly route 911 calls and advise PSAPs of The Subscriber new Registered Location.
- In some parts of the country where direct routing to PSAPs is not available for E911 Service, the Service will route The Subscriber call to the National Emergency Call Center where trained agents will ask for the name, location, and telephone number of the person calling 911 and will contact the appropriate PSAP to send help. The call center will not automatically receive The Subscriber address and telephone number. In these situations, public safety response times may be delayed. As a result, there may be an additional delay before emergency services arrive.
- Loss of Electrical Power. Unless The Subscriber have a backup system to power The Subscriber wired broadband Internet connection and any equipment (PC with softphone, IP phone, ATA with traditional phone) that The Subscriber use to access The Subscriber VoIP Service, The Subscriber will not have phone service or 911 service during any power outage.
- Network Congestion & Reduced Speed. There may be greater possibility of network congestion and/or reduced speed in routing of a 911 call made utilizing ADS hosted VoIP service as compared to traditional 911 dialing over traditional public telephone networks.

REGISTRATION OF PHYSICAL LOCATIONS REQUIRED

As discussed above, The Subscriber must register the Registered Location where The Subscriber will be using VoIP service for each VoIP phone line The Subscriber use from ADS (e.g., if The Subscriber purchase ADS Office with three VoIP lines, The Subscriber must provide a Registered Location for each of the three VoIP lines). ADS will obtain The Subscriber Registered Location as part of the service initiation process and will not provide VoIP Service until The Subscriber have provided The Subscriber initial Registered Location. However, The Subscriber must update The Subscriber Registered Location when The Subscriber use The Subscriber VoIP Service from a new location. Regardless of what address The Subscriber register, in some circumstances, such as unavailability of direct routing to PSAPs or the use of portable devices to access the VoIP Service, emergency calls will be routed to the National Emergency Call Center.

The Subscriber agree to provide true, accurate, current, and complete Registered Location information to ADS as part of the service initiation process and to update as soon as possible The Subscriber Registered Location with true, accurate, current, and complete information whenever The Subscriber use The Subscriber VoIP Service from a new location. If The Subscriber provide Registered Location information that is, or that ADS suspects to be, false, inaccurate, not current, or incomplete, ADS has the right to suspend or terminate the Services and refuse any and all current or future use of all Services, or any portion thereof. ADS will not, however, disable The Subscriber ability to make a 911 call during any service suspension.

The Subscriber may update The Subscriber Registered Location by logging on to The Subscriber Account settings page or calling customer support at 201-426-4246. For purposes of 911 Dialing, The Subscriber may only register one Registered Location for each VoIP line.

NOTIFY ALL USERS / INFORM ALL PRESENT

Notify All Users of 911 Limitations. The Subscriber should inform all business colleagues, household residents, guests, and other persons who may be present at the physical location where The Subscriber utilize the VoIP Service that 911 may not be available or may be in some way limited in comparison to traditional 911 service. ADS could provide VoIP subscribers stickers warning that "E911 Service May Be Limited or Not Available" for use with any VoIP equipment by mailing stickers to subscribers upon Service initiation. It is The Subscriber responsibility to place these stickers on the equipment The Subscriber use to access VoIP Service. If The Subscriber have not received a sticker, or The Subscriber require additional 911 stickers, please contact customer support at 201-426-4246.

DISCLAIMER OF LIABILITY AND INDEMNIFICATION

ADS disclaims all responsibility for the conduct of PSAPs, the National Emergency Call Center, and all other third parties involved in the provision of emergency response services. The following features are standard with all service levels of Managed Backup:

- ADS will install a backup agent for the Subscriber. The Backup Agent provides the communication to the master server or cloud storage, which controls backup/restore scheduling and other backup/restore functions. In addition, the backup Agent initiates the transport of the data across the network from the client's Server to the ADS storage device or cloud.
- ADS will collect and process the data that subscriber has requested using ADS backup agent. ADS stores and protects the data uploaded using our services so that this data is available to you as the subscriber needs while a subscriber of our ADS Services. ADS holds such data as a data processor and store this data solely in order to provide the backup service in accordance with this Agreement. ADS may transfer data to a third party service provider whose cloud storage ADS utilizes to provide the Service. By allowing ADS to install the Backup Agent on to Subscriber's device(s), Subscriber grants ADS the right to back-up any of the files on that device(s) regardless of who might be the creator, originator, editor, or otherwise the owner of those files. Subscriber assumes sole responsibility for ADS receiving access to and backing-up those files.
- The ADS backup agent has the ability to backup Subscribers data at the file level and then sends that data directly to storage device or cloud Storage.
- To provide backups service, ADS routinely scans subscribers device(s), server(s) and devices in order to detect new, modified, or deleted data files that require further action to complete backup and restore operations up to your service plan's storage limit. The backup services also catalogue the number and total storage size of various file types on Subscriber's device(s). The backup agent inspects file headers and related information in order to confirm that each file type is properly represented by its file extension.
- Retention schedules will be defined based on subscriber needs. Standard backup is completed once per day.
- Access to Backup Data in a case of a death or in other Circumstances. ADS will provide access to your Backup Data to a surviving spouse and/or your executor upon the presentation of a death certificate and identification which ADS reasonably believes to be valid and sufficient, or in response to a court order, warrant, subpoena or other judicial or administrative legal process.

- ADS assumes no responsibility for the loss of data for restores that overwrite live data. If subscriber requests assistance with restoration of data, additional charges may apply. It is important to note that restore times often exceed the duration of the original backup time, especially across slow connections. Network performance, data, compressibility, and end user systems may affect restore times. Should ADS, as part of its monitoring function, observe any unusual, abnormal or excessive number of restore requests, ADS reserves the right to contact subscriber and require modifications to procedures and behavior in this area.

CHANGES TO THE SERVICE AND TERMS AND CONDITIONS

We may change the terms of this Agreement from time to time upon delivery of electronic or written notices to The Subscriber. ADS generally provides written notice of changes to The Subscriber account, including this Agreement and any other legal agreements, via email, electronic notice on the ADS Website or The Subscriber Account Page, or on The Subscriber billing statements. The Subscriber agree to carefully read and review each such e-mail notice, electronic notice, and billing statement from ADS fully regarding any such notices of changes to The Subscriber Account.

The modified terms shall replace and supersede all previously agreed to electronic and written terms, as well as any prior versions of this Agreement. The Subscriber agree that the Subscriber are solely responsible for (a) making sure that The Subscriber registered email account is current and functional, (b) checking The Subscriber registered email account on a routine basis, (c) checking the ADS Website and The Subscriber Account page on a routine basis, and (d) making sure that ADS communications are not blocked or rendered undeliverable by The Subscriber, The Subscriber computer, any software installed on The Subscriber computer, The Subscriber Internet service provider, or for any other reason.

INTERPRETATION OF THIS AGREEMENT

This Agreement, including the documents incorporated herein, constitutes the entire agreement between The Subscriber and ADS with respect to the Applications and Services and supersedes all prior or contemporaneous understandings regarding such subject matter.

If any part of this Agreement is held invalid or unenforceable, that portion shall be construed to reflect the parties' original intent, and the remaining portions shall remain in full force and effect.

The failure of ADS to exercise or enforce any right or provision of this Agreement shall not constitute a waiver of such right or any other provision.

Nothing in this Agreement shall be deemed or construed to constitute or create employment, partnership, association, joint venture, agency, or fiduciary relationship between the parties hereto.

The Subscriber agree and acknowledge that any breach of the provisions regarding intellectual property ownership contained in this Agreement shall cause ADS irreparable harm and ADS may obtain injunctive relief and seek all other remedies available in law and in equity.

The section titles in this Agreement are for convenience only and have no legal or contractual effect.

This electronic document and any other electronic documents, policies, and guidelines incorporated herein will be: (1) deemed for all purposes to be a "writing" or "in writing," and to comply with all statutory, contractual, and other legal requirements for a writing; (2) legally enforceable as a signed writing as against the parties subject to the electronic documents; and (3) deemed an "original" when printed from electronic records established and maintained in the ordinary course of business. Electronic documents introduced as evidence in any judicial, arbitration, mediation, or administrative proceeding will, if established and maintained in the ordinary course of business, be admissible to the same extent as business records in written form that are similarly established and maintained.

CHOICE OF LAW

This Agreement and The Subscriber use of the Applications and Services shall be governed by and construed under the laws of New Jersey without regard to its conflict of law rules. The United Nations Convention on Contracts for the International Sale of Goods does not apply to this Agreement or The Subscriber sign up or use of the Applications or Services.

ADS ENTIRE LIABILITY FOR ANY CLAIM ARISING OUT OF OR RELATING TO THIS AGREEMENT SHALL BE LIMITED TO THE AMOUNTS PAID TO ADS FOR SUCH SERVICE DURING THE TWELVE (12) MONTHS PRECEDING SUCH FAILURE TO PROVIDE THE SERVICE. Warranty Disclaimer

THE SERVICES PROVIDED HEREUNDER ARE PROVIDED "AS IS" AND "AS AVAILABLE" AND ADS MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND ANY SIMILAR WARRANTY, WHETHER SAID WARRANTY ARISES UNDER PROVISIONS OF ANY LAW OF THE UNITED STATES OR ANY STATE THEREOF OR ANY COUNTRY. NO ADVICE OR INFORMATION, WHETHER ORAL OR WRITTEN, OBTAINED BY THE SUBSCRIBER FROM ADS, IT'S EMPLOYEES, RESELLERS, PARTNERS, OR AFFILIATES OR THROUGH OR FROM THE SERVICES SHALL CREATE ANY WARRANTY NOT EXPRESSLY STATED IN THESE TERMS AND CONDITIONS.

ALTHOUGH EVERY EFFORT IS MADE TO ENSURE THAT VOICEMAILS AND FAX TRANSMISSIONS ARE SECURE, ADS MAKES NO GUARANTEES OF SECURITY.

SOME JURISDICTIONS DO NOT PERMIT THE DISCLAIMER OF CERTAIN IMPLIED WARRANTIES, SO CERTAIN OF THE FOREGOING DISCLAIMERS MAY NOT APPLY TO THE SUBSCRIBER. TO THE EXTENT THAT ADS CANNOT DISCLAIM ANY SUCH WARRANTY AS A MATTER OF APPLICABLE LAW, THE SCOPE AND DURATION OF SUCH WARRANTY WILL BE THE MINIMUM PERMITTED UNDER SUCH LAW.
